Read precautions on side panel

Net Contents: 1 Quart (946 ml)

ULTRA-STRENGTH DRAIN TREATMENT TO PREVENT AND ELIMNATE DRAIN FLY BREEDING AREAS AND FOOD SOURCES

An innovative blend of bacteria cultures and free enzymes in an active stabilization medium designed to reduce or eliminate drain fly food sources that promote drain fly development.

- Unique, extra-heavy gel coats drain lines to attack decomposing organic masses
- Quickly breaks down gelatinous organic material where drain flies develop
- Will not harm plastic, metal, or glass plumbing
- Regular use keeps drain lines free of organic matter that acts as a food source and egg-laying area for drain flies
- Keeps drain lines flowing freely
- Certified salmonella-free
